Rebecca Michelle Lee
Painting, Photography, and Mixed Media
Painting, Photography, and Mixed Media

2010

Rebecca Michelle Lee has studied art in Italy, and has two associate's from Delaware County Community College studying art and business.

As an independent artist, Rebecca presents art lectures and workshops, as well as creating fine art. Her art resume also includes document design, event planning, flower design, and photography.

Many around town know "Becky Lee," as the "Little Flower Girl," from Kenny's Flower Shoppe, Inc. on State Street. Where she worked, and learned from the best, from 2000 - 2004.

Becky has lived in Media since 1999. As a newlywed she lives in an adorable cape cod with her husband, which they recently painted an "interesting" shade of sky blue. Their residence is also a National Wildlife Foundation "Certified Backyard Habitat," and an official "Monarch Butterfly Waystation."
